# Our Philosophy

## **“Slow Cooked from Scratch”**

Cafe Elba was born in February 2020, the place for foodies that live & love to eat and who would want to enjoy the slow food journey in a comfortable and special way.

We believe in freshly cooked food made from authentic home grounded spices to curate special historic and local Konkani recipes. Our Italian and International food promises authentic and fresh flavours from the West to East.

The menu constitutes special set of dishes that are a choices of families and bikers that travel distances for leisure and peace.

We love to totally customize the food as per our guests requirements keeping the taste intact also maintaining the flavours and aromas of Konkani food and other delicacies.

We believe in Slow Food, Healthy Food and Fresh Food. We are always developing and would add more Local, Italian and other International dishes in times to come.

Walk in with cravings and leave with memories to cherish.
